

Maths :

- link multiplication and division facts
- Revise and recognise $1/2$ s, $1/4$ s, $1/3$ s and $2/3$ s of shapes
- Find a quarter of numbers up to 40 by halving twice
- Find $1/2$, $1/4$ and $1/3$ of amounts (sharing)
- Begin to find $3/4$ of numbers
- Tell the time to the nearest quarter on analogue and digital clocks
- Tell the time to the nearest quarter of an hour using analogue and digital clocks
- Understand the relationship between seconds, minutes and hours and use a tally chart
- Tell the time involving multiples of 5 minutes past the hour and 5 minutes to the hour

Ict: In I.CT we will be looking at algorithms and how to create them. We will look at the how to debug our algorithms.

PSHE/ RE: In PSHE we will be looking at how to save money, relationships with those who look after us and how to be a good friend. Children will write the perfect friend recipe. In R.E we will look at the religion of Judaism

P.E: Children will be having football training sessions throughout the term. They will learn the skills needed to play the sport and have the opportunity to play matches.

Year 2 Term 4

Topic: In topic this term we are looking at hot and cold countries. We will focus on two countries and look at the countries in detail. We will look at the landscape of the countries and what makes them hot and cold. We look at the animals in the countries and how they survive.

Literacy: This term we will be looking at stories from another culture.

Children read and compare *Hansel and Gretel* by Anthony Browne, and *Baba Yaga* by Tony Bradman using drama and story maps. Children write witch stories using story pegs to plan. Introduce some 'story language' and encourage interesting endings.

Science: This term we are looking at plants.

We will plant water cress and help them to grow by giving them soil, water and sunlight.

Children measure the height of the plant, sketch it and describe it.

Art/DT: Children will be looking at the colour wheel. They will learn the 3 primary colours and what happens when you mix two colours together. They will learn about tone and shade of the colours. They will also look at secondary colours and tertiary colours.
