LO: Can I write a persuasive text.

Introduction

Why is Al Ashraf the best school? It is the best school because the classes get to do brilliant and exotic stuff that other classes have never done before. When you do these brilliant things your brain will explode.

Strong evidence

The evidence I have is that there is so much to learn and so much for the fun teachers to teach. This school will make you passionate about learning and you will explode!

Surely everybody likes their school? But the children in this school are mad about school. Every day they arrive 1 whole hour early. They are also very excited about homework .

How can you resist not coming to this school? How can you? Missing the water fights, the trips and all the other glorious treats. Your brain will crack if you don't come to this school!

This also the best school because we learn about Islam and we become better muslims. We learn Quran and in the tasheel, in the exams you should get 100 out of 100.

The teaching quality is excellent because the year 6's got superb SATS results.

Conclusion

The evidence presented shows that Al Ashraf is the best primary school. If an inspector had to come to this school he would be eye popped! He would be jumping crazily and shouting "100 out of 100 in everything!"

And finally there is no doubt that Al Ashraf is the best school in the country.
